PROFESSIONAL SUMMARY

Motivated Java Full Stack Developer with a solid foundation in Core Java, Spring Boot, RESTful services, and front-end technologies including HTML, CSS, JavaScript, and React. Experienced in building full-stack projects and integrating backend services with user-friendly interfaces. Eager to apply problem-solving skills and modern development practices in a professional software development environment.

CORE SKILLS

- HTML5
- CSS3
- BOOTSTRAP
- JAVASCRIPT
- REACT
- ANGULAR
- CORE JAVA
- ADVANCED JAVA
- SPRING
- SPRING BOOT
- HIBERNATE
- MICROSERVICES

DATABASES

- MYSQL
- ORACLE

TOOLS

- Git, GitHub
- AWS

KEY SKILLS

- Java Full Stack Development
- RESTful API Design & Integration
- Frontend Development with React & Angular
- Backend Development using Spring Boot
- Database Design & SQL (MySQL, Oracle)
- MVC Architecture
- Object-Oriented Programming (OOP)
- Application Debugging & Optimization

EDUCATION

Bachelor of Science in Computer Science (B.Sc. Computer Science)
Dr. Babasaheb Ambedkar Technological University (DBATU)
Year of Completion: 2027

CERTIFICATIONS

- B.Sc. Computer Science (Degree Completed) – DBATU, 2027
- Java Full Stack Development Certification – Naresh IT Hyderabad
- Internship Completion Certificate
Java Full Stack Development | -A2Z IT HUB

PROJECTS

Hotel Management System (QR-Based Digital Ordering)

Description:

Developed a QR-based hotel management system that allows customers to scan a QR code placed on hotel tables to access digital menu, place orders, and complete payments online. The system streamlines the ordering process, reduces manual intervention, and improves customer experience.

Hospital Management System

Description:

Developed a hospital management system that enables patients to book doctor appointments and request ambulance services through an online platform. The system simplifies hospital operations by digitizing appointment scheduling and emergency service booking, improving accessibility and efficiency for patients.

Calculator Application

Description:

Developed a calculator application to perform basic arithmetic operations with a clean and user-friendly interface. The application ensures accurate calculations and handles user input validation effectively.
